

**Nº523**

Knowing north from south is the key to finding your way out of doors, even in the city. At night, the North Star will help you find true north. Find the Big Dipper and follow the outer line of the dipper to the North Star.

During the day, or when on the road, keep an eye out for TV satellite dishes; they're always pointed at the southern horizon.

**TAVERN CHIPS AND DIP** **9**
